

The 22nd(*) International Conference on Decision Making in Manufacturing and Services (DMMS) 2019 will take place in Poland in September 26—29 2019,

hosted by the Faculty of Management, AGH University of Science and Technology in Krakow (Poland).

The objective of the Conference is to gather the entire Decision Making community, including academic and industry researchers and decision makers working at the interface of research and implementation in manufacturing and services. The program includes original research results and contributions to such areas as treating the interface between decision sciences, information technology and management science. Papers may address full range of manufacturing and service systems as well as government or non-profit enterprises. Organizing and Scientific Committees gladly invite professionals, academics, students and industrialists to send contributing papers to the Conference.

(*) The DMMS 2019 is a continuation of "Applications of Systems Theory", a National Symposium organized 20 times since 1979 by the AGH University. The Jubilee XX Symposium on "Applications of Systems Theory" was held in Zakopane in 2017 along with DMMS 2017.

Main topics

Areas of interest include but are not limited to:

- Applications of decision theory in manufacturing and service management
